HONDA ANDES v3 DRYSTAR® JACKET

ALL WEATHER SPORT RIDING/ ADVENTURE TOURING || CODE: 320 7421 || SIZE: S-4XL || RRP: € 279.95

Designed using Alpinestars exclusive Drystar® construction, the Honda Andes v3 Drystar® Jacket offers 100% waterproofing and great levels of breathability, even in difficult riding conditions. The technically advanced construction of this jacket offers protection and abrasion resistance and is adaptable to all weather conditions. Tech-Air® 5 ready.

Constructed with an advanced reinforced polyfabric textile for durability and a Drystar® waterproof and breathable membrane for 100 per cent waterproof performance in wet weather conditions.

Newly developed direct ventilation system (DVS) zippered chest air intakes and back exhaust ports for high levels of airflow.

Internal impact protection provided by removable elbow and shoulder protectors.

Chest and back compartments can accommodate the Nucleon chest and back inserts (available as an accessory upgrade).

Reinforced polymer-printed texturing in critical elbow and lower arm areas for enhanced abrasion resistance.

Reflective details.

Upper chest zippered hand pockets work in tandem with the ventilation openings to ensure personalized levels of cooling airflow.

Front waterproof cargo pockets for convenience and peace-of-mind closure.

Large, external utility pocket on lower back plus internal pockets and a waterproof wallet pocket for real-world practicality.

Integrated soft edge collar and 3D mesh construction for enhanced comfort over long distances.

Premium YKK zipper for main front closure offers adaptable, secure and convenient closure.

Removable long-sleeve thermal liner (100g body 80g sleeves) ensures comfort on hot or cold days.

Pre-contoured sleeves with accordion stretch panels on elbows for comfort and freedom of movement

Hook and loop-closing waist adjustment belt ensures a highly customizable fit.

External zippered chest pockets and cargo pockets for safe peace-of-mind storage.

Shock cord on adjustment on inner bottom for an optimal fit.

According to European statutory law the CE mark is a conformity requirement for the marketing of this product.

The following standards apply to this product:

Fully riding garment to CE – Category II prEN17092 draft standards – A class.

CE Level 2 EN1621-2:2014 Alpinestars Nucleon back protector, available as an accessory upgrade.

CE Level 1 EN1621-1:2012 Alpinestars Nucleon Flex Plus shoulder and elbow protectors.

HONDA GP PLUS R v2 GLOVE

PERFORMANCE RIDING || CODE: 355 6321 || SIZE: S-3XL || RRP: € 199.95

With a fully updated ergonomic shaping and design details, the Honda GP Plus R v2 glove gives the most demanding sports riders protection, feel, flexibility and comfort. This innovative and protective leather and multiple-material construction affords a secure and precise fit, and features Alpinestars patented finger-bridge to prevent contortion and finger separation.

Localized perforations on palm and backhand, plus ventilated finger fourchettes keep the hands cool.

Ergonomically engineered leather reinforcements on the palm and outer hand landing zones provide maximum abrasion resistance in key impact zones.

Alpinestars developed ergonomic stretch insert between thumb and palm offers flexibility to vastly improve hand movement.

Pre-curved finger construction reduces rider fatigue and offers improved comfort.

Advanced polymer compound palm and finger

sliders for impact and abrasion resistance.

Protective double cuff closure with TPR logo wraps around wrist, raising the entire profile of the glove to protect the wrist bone from impact in a crash.

Closure incorporates a Velcro adjustable strap for secure, personalized fit.

Dual cuff closure on wrist for a secure fit and precision adjustment.

Stretch leather accordions on fingers and thumb for superior fit and flexibility.

Innovative multi-panel leather construction that is ergonomically profiled for performance.

Alpinestars exclusive Dynamic Friction Shield (DFS) protectors feature advanced airflow ventilation and a dual density polymer mold construction for superior performance

against repeat impacts as well as abrasion resistance.

Internal aramidic fiber hand and thumb reinforcement, plus an aramidic fiber layer around little finger gives excellent abrasion resistance.

Alpinestars patented third and fourth finger-bridge prevents leather from twisting on fingers, and helps prevent potential burst seams and finger separation.

Palm pad panel combined into palm/thumb/little finger area for reinforcement in a key area.

External finger and palm seams for a close fit and superior feel.

Printed logos for weight-saving and material integrity.

According to European statutory law the CE mark is a conformity requirement for the marketing of this product. The following standards apply to this product:

CE Level 1 EN135954:2015, KP.

HONDA SMX Z DRYSTAR® GLOVE

ALL WEATHER SPORT RIDING/ ADVENTURE TOURING || CODE: 352 7321 || SIZE: S-3XL || RRP: € 89.95

The Honda SMX Z Drystar® Glove is a short cuff riding glove packed with protective features such as a hard knuckle protector within its supple full grain goat leather chassis. Featuring Alpinestars 100 per cent waterproof and breathable Drystar® performance technology for effective all-weather protection and a reduced material design offering superior sensitivity on the bike's controls.

Constructed from a supple and highly durable full-grain goat leather chassis to provide core abrasion resistance and durability. Incorporates Alpinestars 100 per cent waterproof Drystar®

performance membrane construction technology which bonds all layers in glove, thereby affording a highly reduced material chassis to promote dexterity and sensitivity of bike controls.

Stretch back hand and stretch inserts for an optimal fit.

Nylon hard knuckle provides class-leading impact and abrasion protection.

Suede side hand reinforcements for additional strength

Palm reinforcement for a superior grip.

Rolling palm construction on pinky for additional abrasion resistance.

Touchscreen compatible fingertip area on index and thumb for use with smartphones and GPS systems.

According to European statutory law the CE mark is a conformity requirement for the marketing of this product. The following standards apply to this product:

EN 13594 2015, Level 1 KP.

HONDA COPPER GLOVE

SPORT RIDING || CODE: 356 8321 || SIZE: S-3XL || RRP: € 44.95

The Honda Copper is a lightweight urban glove. Incorporating sturdy hard knuckle protection and a full synthetic suede palm for high levels of durability, this glove also comes equipped with a touchscreen compatible fingertip for use with GPS systems and smartphones and padding on the fingers for enhanced rider comfort.

Short, lightweight glove complete with urban styling, ideal for commuters.

Hard knuckle covered by stretch spandex for high levels of impact protection.

Full synthetic suede palm for enhanced durability.

Accordion paneling on backhand for increased finger flexibility.

Hook and loop wrist closure for a secure fit.

Palm reinforcement patch for superior grip.

Ergonomic puller for ease of use.

Touchscreen compatible fingertip on index finger.

Padding on fingers for improved rider comfort.

Lycra fourchettes for high levels of breathability and flexibility.

According to European statutory law the CE mark is a conformity requirement for the marketing of this product.

BLACK BRIGHT RED BLUE

HONDA CR-X DRYSTAR® RIDING SHOE

ROAD RIDING || CODE: 261 1721 || SIZE: 38-48 EUR / 6-14 US || RRP: € 179.95

A protective riding shoe with unrivalled off-the-bike, all-day walking comfort. The Honda CR-X boasts a running shoe last which provides a 'snug' fit coupled with 'ample inner shoe volume' to ensure good all-day foot comfort, while the Drystar® waterproof and breathable membrane guarantees effective all-weather performance.

Drystar® membrane offers effective weather protection in wet conditions.

The sole unit 'DROP' (or, the off-set between heel and toe) is set at 9 mm (many running shoes have a 9 mm drop) to ensure a smooth heel-to-toe transition when walking.

Features an EVA midsole provides for excellent all-day underfoot comfort.

Forefoot Flex grooves are engineered into the midsole for enhanced forefoot comfort (the grooves promote flexing in the forefoot area).

Full-length TPU CE-certified inner sole plate for superior riding protection and a dynamic heel-to-toe transition when walking.

Asymmetric outsole stud configuration provides excellent levels of grip and abrasion resistance.

Oil resistant dual rubber compound provides optimized grip on unclean/slippery surfaces.

Removable Ortholite insock provides long lasting comfort and prevents over heating thanks to the Open Cell PU compound.

Hidden asymmetric lateral and medial TPU ankle discs for effective but discreet ankle protection.

Lightweight inner bootie with minimal construction design for a comfortable, glove-like fit.

Tongue with bellows construction has been designed to remain in position when riding for a snug, secure fit.

Gear shift zone features a highly abrasive-resistant TPU layer for enhanced durability.

Internal EVA layer sandwiched between outer and inner materials reduces pressure on the foot in the gear shift area, thus ensuring superior rider comfort.

According to European statutory law the CE mark is a conformity requirement for the marketing of this product. The following standards apply: CE EN13634:2017.
